# Introduction

The Ninja Vapes Crystal Pro Max Plus WGA 10000 Puff Disposable Vape is meticulously engineered for discerning vapers seeking convenience, variety, and top-tier performance. Whether you desire a mellow hit with 0% nicotine strength, this device caters to your preferences. The rechargeable nature ensures sustainability with an 850mAh rechargeable battery, while the ergonomic design and comfortable mouthpiece enhance your vaping pleasure.

Embark on a flavor-rich journey with the Ninja Vapes Crystal Pro Max Plus Disposable Vape. Crafted for passionate vapers, this state-of-the-art device seamlessly blends unmatched performance with a stylish design, ensuring a memorable experience with every puff. Bid farewell to the inconvenience of refilling and recharging satisfaction is now just a single puff away with the Crystal Pro Max Plus at Ninja Vapes.

---

## Features

- **High Puff Count:** Delivers up to 10,000 puffs, providing extended use before needing a replacement.
- **Pre-Filled E-Liquid:** Comes with e-liquid pre-filled, eliminating the need for refilling and making it ready to use straight out of the box.
- **Disposable:** Designed for single-use with no maintenance required, making it a hassle-free option.
- **Auto-Draw Activation:** Features a draw-activated mechanism, meaning there's no need to press a button—simply inhale to activate.

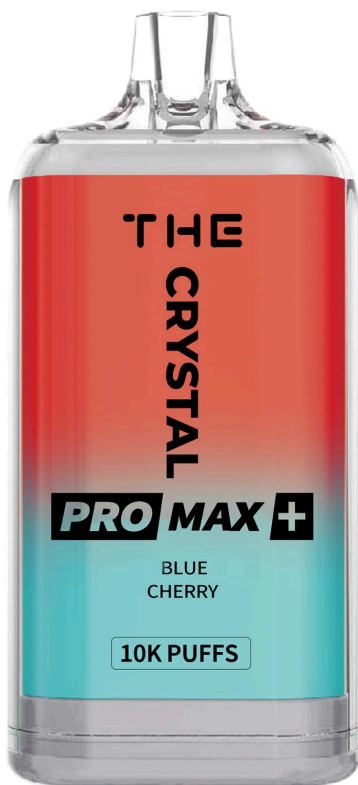

## Specifications

- Capacity: Typically around 15-20 ml of e-liquid, allowing for the high puff count.
- Nicotine Strength: Available in various nicotine strengths, commonly around 5% (50 mg/mL) nicotine salt.
- Battery Life: Equipped with a high-capacity battery designed to last through the 10,000 puffs.
- Coil Type: Often features a mesh coil for improved flavor and vapor production.
- Size: Compact and lightweight, making it portable and easy to carry.

## How to Use?

### **Unbox the Device:**

Place the mouthpiece between your lips and take a gentle draw. The device is draw-activated, so it will automatically start producing vapor as you inhale.

### **Inhale to Activate:**

Simply inhale to experience the rich flavors and smooth vapor. Savor each puff as you enjoy the satisfying experience before it's time to dispose of the device.

### **Enjoy:**

Continue vaping until the device no longer produces vapor or the flavor diminishes.

### **Dispose:**

Once finished, dispose of the vape responsibly according to local regulations
