ELUX
FIREROSE EX4500

DISPOSABLE VAPE

INTRODUCTION

The ELUX FireRose EX4500 Disposable Vape has a crystal shell design with a mesh coil, which provide a smooth and reliable vaping experience. The gadget is pre-filled with 12ml of e-juice and features a direct inhale method for a great throat hit. It contains a robust 1500mAh internal battery that can produce up to 4500 puffs, making it an excellent long-term solution for vapers.

HOW TO USE FIREROSE EX4500

Inhale activation means that using this vape is simple; simply take a puff on the mouthpiece. Each Elux Firerose contains 2ml of e-liquid, which quickly satisfies cravings while providing a pleasant throat impact. The built-in mesh coil warms the vape juice rapidly and evenly, resulting in better taste.

The Elux FireRose EX4500 cannot be refilled, making it a handy and hassle-free solution for vapers looking for a superior vaping experience without having to refill or recharge their devices
