USER GUIDE

HAYATI PRO ULTRA

INTRODUCTION

The Hayati Pro Ultra disposable vape is renowned among vapers for its convenient and enjoyable vaping experience. With a robust 550mAh battery, it provides up to 15000 puffs of delightful vapor, ensuring long-lasting satisfaction. Available in over 27 different flavors, including options for zero nicotine, the Hayati Pro Ultra caters to diverse tastes and preferences. Whether you're looking for a rechargeable option or exploring various vape flavors, the Hayati Pro Ultra delivers consistent performance and flavor excellence.

HOW TO USE THE HAYATI PRO ULTRA

02

REMOVING FROM PACKAGING

The Hayati Pro is securely packaged in a compact cardboard box. Gently remove the plastic wrap around the device and take it out of the box. Do not attempt to charge or refill the Hayati Pro, as it is designed for single use only.

TURNING ON THE DEVICE

The best part about disposable vapes is their simplicity—no power buttons or activation needed. The Hayati Pro is draw-activated, so it powers on and produces vapor automatically when you inhale from the mouthpiece.

INSERTING THE MOUTHPIECE

The Hayati Pro features a small disposable mouthpiece at the end. Before your first use, be sure to remove any plastic caps or covers on the mouthpiece.

SWITCHABLE MOUTHPIECE

Switchable Mouthpiece - Tailor your vaping experience with the switchable mouthpiece, providing versatility and personalization and unleashing rich and consistent vapour with the included mesh coil, enhancing the overall vaping experience
